HELPFUL TIPS

- + Leave your range hood on for 15 minutes after the cooking of the food to remove all odors, steam etc.
- + The baffle filters need to be cleaned after approximately 1 month of standard operation.
- + It is also recommended that fumes from the rangehood be ducted out into the atmosphere.
- + Turn off the range hood before attempting to clean.

INSTALLATION INFORMATION

Warning: This canopy is not an outdoor appliance, but it can be installed in an alfresco area in accordance with the following:

- + Installation must be performed by a qualified competent installer.
- + The canopy cannot be exposed to rain, moisture or dust.
- + Do not install in a location where winds may blow water or dust onto the canopy.
- + If installed above a barbecue, the minimum distance from the cooking surface is 1200mm.
- + If installed above a cooking appliance, the minimum distance from the cooking surface is 650mm.
