INSTALLATION

Installation is recommended by a qualified installer, please refer to the product manual for full installation instructions.

- It is recommended that the rangehood should be installed 1200mm above the barbeque.
- It is recommended that the rangehood should be installed 650mm above the cooking appliance.

HELPFUL TIPS

- + Leave your range hood on for 15 minutes after the cooking of the food to remove all odors, steam etc.
- + The dishwasher-safe cassette filters need to be cleaned after approximately 2 months of standard operation
- + It is also recommended that fumes from the range hood be ducted out into the atmosphere.
- + Turn off the range hood before attempting to clean

FILTER CLEANING INFORMATION

Baffle filter: Requires cleaning monthly, as this will ensure no interruptions with airflow operation.

Electrical Requirements

Rangehood is supplied with 10amp cord & plug.
